Pie in the sky thinking

In 2009 I was heavily criticized by the Elliott Wave gangs for calling Gold an inverted H&S. Gold ran to 1920.

Chart of positional interest - Corn [\\$ZC\\_F ZCZ23](#)

I've re-entered Corn, assuming that the wedge completion has been renewed. Yet, to be clear, other than the wedge there is NO bottom in place. A slow grinding bottoming process is my best guess
