

Factor Members Private Twitter Feed - December 23, 2023

FactorMembers   @factor_members · Dec 23

London Cocoa has all but met its 3685 target from the massive multi-year rectangle. The daily chart indicates the final leg up is yet to come.

FACTOR MEMBERS TO CONNECT WITH

We often are asked if we know of any trader groups or Factor Member Groups in certain areas. We want to facilitate a connection point so you can create such groups.

IF YOU ARE INTERESTED in connecting with other Factor Members:

1. Email jolleen@PeterLBrandt.com with your name, twitter handle, email, and location on the globe.
2. Feel free to include a line or two of any other details you'd like to share.

Guidelines/additional Information:

- Please do not contact other members UNLESS you are also on the contact list, that way members can confirm your membership for themselves before replying to you.
- Contact details will be added to this spreadsheet on the Factor Member Site.
- This is YOUR resource for connecting. Factor will NOT arrange meet-ups. It's up to Factor Members to contact each other.
- The contact list will be updated weekly as members send in their details.
- Unless necessary or requested, no one will be removed from the list.
- DO NOT use this list for any marketing or other services. If we are made aware of this, you will be removed from the Factor Service.
- Please do not CC all members on the list; email individually those you wish to connect with.
- Any groups or meet-ups created from this list are member-run, they are NOT facilitated or monitored by Factor nor part of the Factor Service.
- Please email jolleen@PeterLBrandt.com if you have any questions, edits, or to report someone.

We hope this is valuable for all Factor Members!

"I cannot emphasize how important it is for traders to be in community with each other. I would not have made it without the community that was the Chicago Board of Trade."
Peter
