Gas Oil likely will be on 2024 best dressed list \$IP_F

Long & Right @Ramblin_Rebel13 · Jan 28

Final random charts that looked interesting - Gasoil may be ready to go in a few weeks, Copper could be shaping up, Bean oil might give us something and US coffee might be ready to close some of the perf gap vs Robusta (but might cut off many fingers on that path)

Several Factor Members have asked me to comment on \$SOL
Strong long-term trend
Possible channel breakout
