FactorMembers @factor_members · Jan 30

I have clamped my protective stops on most of my open trades. More to come later.

FactorMembers @factor_members · Jan 30

Engulfing day, now flat for Prop Account \$ZSK24

FactorMembers   @factor_members · Jan 30

As of the close yesterday I viewed yesterday as the completion of a Darvas Box or pennant so yesterday's high because a Last Day Rule, thus stop moved as of this morning

Replying to @factor_members

stop in 1219^6? the engulfing pattern only know at least after today market open. So the stop is set during market open and observed the potential engulf?

FactorMembers   @factor_members · Jan 30

Day in review. There were no patterns completed today, or even this week. There is an absence of ripe patterns.
